If elected to the Board of Directors what issue would be the most pressing?

O&R has been in our family ownership since they were built in 1980. We have seen many changes over the years both with St. Augustine itself and at O&R. I would like to see our complex stay up to date, clean and enjoyable to owners & visitors alike. Would like to see issues addressed within a reasonable time frame and listen to owner's issues/questions so they can be discussed.

What strength do you believe you would bring to the Board of Directors?

My wife and I plan on making St. Augustine our second home in the future. We love the town, our beach and O&R where we spent every summer raising our boys. We have a vested interest in keeping O&R at its best and I will contribute to keeping it that way. Listening to ideas and looking for better options is something I will always do as a board member.
