RE: Renovations in Condo/ARB Application

Please note that when making changes, alterations, renovations, additions and/or removals to your unit you must first complete an ARB (Architectural Review Board Application) and submit for approval of the modifications requested. In addition, all contractors and subcontractors associated with your request must be properly licensed & insured or will not be permitted to work on the property. Contractor licensing & insurance is to be provided along with the ARB Application at the time of the submission. No work is to be performed until written approval is received from the Association. All necessary permits must be turned in at the office prior to work being started upon approval.

The Association reserves the right to stop construction and institute fines subject to the Association fine schedule if proper procedure has been violated.

Thank you in advance for your cooperation.

RULES, RESTRICTIONS AND GUIDELINES FOR CONTRACTORS, VENDORS & OWNERS

Ocean & Racquet Club Condominium Association, Inc.

Due to occasional abuse of the common property and disregard of other owners' right to the peaceful enjoyment of their respective units, it has been determined that when work is being performed in individual units, e.g. carpet replacement, tile installation, painting, etc., the following Rules and Restrictions must be promulgated. All contractors, vendors and owners performing their own work must adhere to these guidelines.

Owners are required to notify the Association's office by completing an ARB form of any pending work to be performed in their unit and approved. All contractors must have current Certificate of Liability, and workman's compensation. on file before any work can begin. Contractors must be apprised of these guidelines. Once all the paperwork is approved and your contractor begins working on your unit, they must come into the office every day, sign in and obtain the proper passes to gain entry onto the property. Contractors will not be allowed entry onto property unless all steps have been completed.

Work cannot commence before 8 A.M. and must cease by 5 P.M daily, except Sundays & major holidays. Case by case exceptions can be granted by Management, for emergency work after 5pm, with an absolute stoppage not later than 8 P.M.

All tools, pans, buckets, etc. can be cleaned in only one location on the property. The office will instruct as to location.

All debris must be removed from the property. It is not permitted to use the Association's garbage area to dispose of this material. With approval from Management, construction "dumpsters" will be permitted. No paint cans, whether or not they are empty, may be placed in the Association's garbage areas.

All work should be done inside the unit. No work is permitted in the hallways, courtyards or breezeways. Hallways, courtyards and breezeways must be cleared of materials at the completion of each day.

Any damages to the common property, e.g. paint drippings, tears or stains in the hall carpet, (Building 3 & 5) will be charged to the owner whose unit is being worked in.

All hard surface flooring is required to have an underlayment of sound attenuation material. Such material must be approved by Management and a receipt for this material must be submitted along with an ARB Form to the office for the owner's file.

No work, additions or changes on the outside of a unit (including balconies and (patios) is permitted without Board approval. Patio/balcony flooring material must be approved by the Board or their designated Agent.
